Education

BMS Institute of Technology and Management

Bangalore, India

Bachelor of Engineering in Electronics and Communication Engineering

Internship Experience

Android App Development using Generative AI Intern

MindMatrix

Android Blood Donation App — May 2026

- Developed a full-stack Android application using Jetpack Compose and Firebase to connect blood donors with patients in real-time, reducing emergency response times
- Implemented real-time request posting with Google Maps integration and 10km radius donor matching using Firebase Cloud Functions and push notifications
- Built complete user management system including phone OTP authentication, donation history tracking, and availability management

Projects

AI Code Reviewer

React.js, Node.js, Gemini API

- Developed an AI-powered code review platform that analyzes source code in real time.
- Integrated Google's Gemini API to detect bugs, suggest optimizations and improve code quality.
- Built a full-stack web application using React.js, Node.js and Express.js.
- Implemented secure API communication and an intuitive developer interface.

Cyber Sentinel Mobile Application

Flutter, Dart, ML

- Developed a Flutter cybersecurity application for behavioral analytics and phishing detection.
- Integrated machine learning models for anomaly detection.
- Implemented AES encryption for secure communication.
- Optimized workflows to improve user experience.

Real-Time Inventory Management System

React.js, Node.js, Express.js

- Built a full-stack inventory management platform with real-time tracking.
- Developed CSV import/export functionality.
- Implemented automated low-stock notifications.
- Designed dashboards for inventory monitoring.

Technical Skills

Languages: Python, SQL, C++, Kotlin, Dart

Data Analytics: Power BI, Tableau, Excel, SQL

Web Development: React.js, Node.js, Express.js, Flask

Mobile Development: Flutter, Android Studio, Jetpack Compose

Tools: Git, Google AI Studio, Google Cloud Labs

Certifications

- Data Analytics Job Simulation – Tata Group
- Data Analytics Virtual Experience – Deloitte
- Data Science & Analytics – HP LIFE
- Data Analytics – Infosys Foundation Finishing School for Employability Program
- APAC Solutions Architecture – AWS

Achievements

- Second Place – National Student Energy Summit for Wireless EV Charging System.
- Silver Medal – Hackathon for Real-Time Inventory Management System.
- Completed a VTU-recognized internship in Android App Development using Generative AI.
